9551 Hwy 13S, #6: back stairs; front stairs (photos attached in 2 page pdf)

- back stairs appear to be within definition of code requirements
- front stairs - not so much - please let me know.

are you (or someone) supposed to inspect the new plumbing that was installed here?

I enjoyed our conversation on 9/24.
Hope you are enjoying this sunny (for a change!) day,

As you haven't been able to get back to me with an update, would it help you out if I just ask one of these other folks to do that? Or perhaps you can suggest an alternate contact not on the list below?

Please call me at 715-459-8650 as I am not sure what you are missing. I was requested to do an inspection on the stairs on monday which was done per request (permit has not been obtained) and I am not sure as to a plumbing inspection, I do not believe a permit was taken out on this and when it would have been.

I am waiting on a call that I cannot miss.

Back stairs - appear to be to code
Front stairs do not appear to be to code - has a permit been issued to bring to code?
plumbing - all pipes for this unit were replaced in May (all? not sure, just what I was told) - permit for that required? if required to be posted, was not.

Thanks,

I now remember who you are. I did see the stairs were repaired on the following Monday I inspected them at the request of the owner of the park. I know nothing about plumbing install.

Glad to hear you remember me!

1. The front stairs are not to code either. Photos attached again. Anything being done about that?
2. Are you supposed to know about replacing all(?) the plumbing pipes?

Thanks

Oh well, I drove over to see you during your Saturday office hours of 9-11 and, much to my surprise, you were not in!!

Once again, I am asking two questions;

1. The front stairs are not to code either. Photos attached again. Anything being done about that?

2. Are you *supposed* to know about replacing all(?) the plumbing pipes, i.e., was there supposed to be a permit?

Is it possible to receive a response to these two little questions asked first on 10/3 by, let's say, 2:pm Monday 10/10?
